

HILLARY RODHAM CLINTON

June 21, 2006

Mr. Albert Baldeo
149-17 122nd Place
South Ozone Park, NY 11420

Dear Albert:

Thank you for your generous contribution to Friends of Hillary. I deeply appreciate your consideration and assistance.

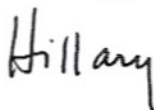

As you know well, our nation faces difficult challenges in the coming years. The results of this last election mean that our work in the Senate will be more important than ever.

I am determined to work just as hard as I can in the Senate to reverse the dangerous policies of this administration: to get back to budgets that truly reflect our values and restore fiscal responsibility, and wise national security policies that will meet challenges abroad while keeping Americans safe at home. I believe it's time to get serious about soaring health care costs, and for policies that will move us toward energy independence.

Your support has enabled me to make a difference on behalf of the values and ideals we believe in, and I look forward to staying in touch with you as we build a positive agenda for our party and for our country.

It means a great deal to me to know I have your friendship and support. Thank you again.

Sincerely yours,

Hillary Rodham Clinton
United States Senator
